Summary

Full-Stack Web Developer and UI/UX Designer with experience creating dynamic, scalable, and user-friendly applications. Skilled at blending technical development with design principles to deliver intuitive digital experiences. Passionate about building clean, efficient solutions that balance functionality and design.

Skills

Languages: Html, CSS, JavaScript, Python, PHP, SQL,

Technologies & Tools: Django, MySQL, Git, GitHub, Bootstrap, Figma, Adobe Photoshop, VS Code

Work Experience

Uukeyan InfoTech, Pudukkottai

June 2025 – July 2025

Dynamic Website with API Intern

- Developed and maintained a dynamic website with API integration using PHP 50% for backend logic and data handling.
- Designed and optimized SQL databases for efficient data storage, retrieval, and management.
- Created responsive UI components with Bootstrap, ensuring cross-device compatibility and user-friendly design.
- Html, Css, Bootstrap, Php, MySql

Education

CCET Pudukkottai

2022 – 2026

B.E. in Computer Science and Engineering

Relevant Coursework: Object Oriented Programming, Databases, Discrete Maths, Data Structures and Algorithms, Operating Systems, Computer Networks, Machine Learning, Cryptography and Cyber Security, Visual Effects, Web Technologies.

Project Work

- **Submission form:** Developed a dynamic website with real-time form submission and automated email notifications using API integration. Enhanced project efficiency by combining dynamic web development, API handling, and automated communication workflows.
- **Dice Roll Simulator:** Created an interactive dice simulator using HTML, CSS, and JavaScript to generate random numbers (1–6) and display matching dice images, enhancing understanding of DOM manipulation and event handling.
- **Whether app:** Developed a web-based application using HTML, CSS, and JavaScript with interactive forms and dynamic UI elements. Implemented real-time user interactions, validations, and smooth navigation for enhanced user experience.

Awards and Certificates

- UI/UX Design Certification – Udemy – Completed comprehensive training in Figma and Adobe XD for designing responsive and user-friendly interfaces.
- Completed a certification in MERN Stack (MongoDB, Express.js, React.js, Node.js) from KGISL MicroCollege, gaining hands-on experience in full-stack web development.
